

Section V: Bill of Quantities

1. The Bill of Quantities shall be read in conjunction with the Instructions to Bidders, Conditions of Contract, Technical Specifications and Drawings.
2. The quantities given in the Bill of Quantities are estimated and provisional, and are given to provide a common basis for bidding. The basis of payment will be the actual quantities of work ordered and carried out, as measured and verified by the Engineer and valued at the rates and prices tendered in the priced Bill of Quantities.
3. The rates and prices tendered in the priced Bill of Quantities shall, except insofar as it is otherwise provided under the Contract, include all constructional plant, labour, supervision, materials, erection, maintenance, insurance, profit, taxes and duties, together with all general risks, liabilities and obligations set out or implied in the Contract.
4. The rates and prices shall be quoted entirely in Ngultrum.
5. A rate or price shall be entered against each item in the Bill of Quantities, whether quantities are stated or not. The cost of Items, which the Contractor has failed to enter a rate or price shall be deemed to be covered by other rates and prices, entered in the Bill of Quantities.
6. The whole cost of complying with the provisions of the Contract shall be included in the items provided in the priced Bill of Quantities, and where no Items are provided the cost shall be deemed to be distributed among rates and prices entered for related Items of Work.
7. General directions and descriptions of work and materials are not necessarily repeated or summarized in the Bill of Quantities. References to relevant sections of the contract documentation shall be made before entering rates or prices against each item in the Bill of Quantities.
8. Bill of quantities:
 - a. For Civil Works
 - b. Electrical Works
 - c. Major items rate

9. The prevailing market rates of the following construction materials at Trashigang Dzongkhag are to be completed by the Bidder;
